Jose,
Please see below. What is the status of the posting.
Is there time for these edits?

Follow-up on my email from earlier this afternoon. Here are the revised data tables and QA/QC document. No data or qualifiers were changed. Changes to the tables or the QA/QC document include: spelling mistakes, text formatting, fixing a QL (Ca Total), fixing <QL values, fixing table of contents, ORD/Region 8 order on front page. Again, these are just minor changes that correct items that made it past everyone's eyes earlier this week.

Here are two revised files. Both files are of Section A & B. One file on the left (...w_DRAFT.pdf) has "Draft" on the title page and "Draft/Deliberative" on all subsequent pages. The file on the right (...w_oDRAFT.pdf) has the "Draft" and "Draft/Deliberative" removed.

Cindy,

Rick has identified some corrections needed to the data table and QA/QC document. These corrections are typos and some <QL values that are incorrect and need to be edited in the data table. The changes got by our (everyone's) earlier reviews. The changes/edits are not to the data or the data qualifiers (flags). We are making revisions to the data table and QA/QC files. The current Pavillion web page update does not include the EPA Phase V Summary of Results. I hope we can replace these files for the files currently identified as Sections A and B in the Summary of Results appendices.
